Subject: Submission by Ms. Darlene Neville

Mr. Gary Norris:

Further to my letter to you dated September 4, 2009, Ms. Darlene Neville has asked me to advise you that she requires additional time to properly prepare the submission you invited from her.

Preparation of her written submission is taking longer than she initially anticipated, primarily due to the need for her to properly address the matters raised in, and the matters omitted from, Mr. Roger Fitzgerald's August 17th letter to Cabinet. That letter was recently characterized in the House of Assembly as "the triggering event" for her suspension by Cabinet.

At the time of my September 4th letter, the Special Sitting of the House of Assembly had not yet occurred. Consequently, it is now also necessary for Ms. Neville to respond to comments concerning the matter of her suspension that were recently made by Mr. Jerome Kennedy in the House of Assembly.

Ms. Neville plans to deliver her written submission to you on September 30, 2009.
