[ This page intentionally left blank. ]

**Please Note:**

Index entries always refer to Frederick Alderdice as “Leader of the Opposition”, regardless of whether the text refers to him as “Mr. Alderdice”, as sometimes occurs.

The Subject Index sorts entries by topic, and is usually followed by the name of the Member who was speaking on that topic.

The Speaker Index, which follows the Subject Index, sorts entries by the name of the Member who was speaking on a given topic.
