INTRODUCTION

Elections Newfoundland and Labrador (Elections NL), also referred to as the Office of the Chief Electoral Officer, is an independent, non-partisan, office of the House of Assembly responsible for the administration of provincial elections, by-elections and plebiscites. Elections NL administered the province's 51st provincial General Election (herein referred to as the 'election') on February 13, 2021.

This report summarizes the results of the election and provides a narrative of the procedures followed to execute Newfoundland and Labrador's first election under a global pandemic and the challenges experienced province-wide.

2021 Election Quick Facts:

- On the final revised voters list prepared for polling day, there were 372,037 registered electors. In total, 191,076 registered electors voted, which represents a turnout of 51.4%.

Election Timing

Newfoundland and Labrador has fixed date elections. Section 3 of the **House of Assembly Act** outlines the fixed date legislation:

(2) A polling day at a general election shall be held on the second Tuesday in October, 2007 and afterward on the second Tuesday in October in the fourth calendar year following the polling day at the most recently held general election.

(3) Notwithstanding subsection (2) and section 3.1, the polling day for a general election in 2015 shall be held on November 30, 2015.

(4) Notwithstanding subsection (2), if, on April 1 in the year that a general election is to be held under that subsection, the Premier is of the opinion that the day that would be an ordinary polling day under that subsection is not suitable for that purpose because it overlaps

with a federal election, the Premier shall choose an alternative day in accordance with subsection (5) and shall provide advice to the Lieutenant-Governor that a general election be held on that alternative day.

(5) The last Monday in November in the fourth calendar year following the ordinary polling day for the most recently held general election is the alternative day referred to in subsection (4).

However, with the 2019 General Election resulting in a minority Liberal Government, the date of the next election was no longer certain. In addition, Premier Dwight Ball announced his intention to resign as Premier of Newfoundland and Labrador on February 17, 2020. The resignation then resulted in Section 3.1 of the House of Assembly Act to be invoked.

3.1 Where the leader of the political party that forms the government resigns his or her position as leader and as Premier of the province before the end of the third year following the most recent general election, the person who is elected by the party to replace him or her as the leader of the party and who is sworn in as the Premier of the province by the Lieutenant-Governor shall, not later than 12 months afterward, provide advice to the Lieutenant-Governor that the House of Assembly be dissolved and a general election be held.

Operating under the umbrella of the COVID-19 global pandemic, Elections NL began its pandemic election planning in March 2020. The plan was finalized in July 2020 and outlined procedures for in-person voting and polling station logistics; Special Ballot voting in the district offices and at Elections NL headquarters; election official training; and, general operations at Elections NL headquarters

Premier Ball officially left the role of Premier and Leader of the Liberal Party of Newfoundland and Labrador in August 2020, triggering a Liberal leadership race. Dr. Andrew Furey became the new leader of the Liberal Party of Newfoundland and Labrador. On August 19, 2020, Dr. Furey was sworn in as Newfoundland and Labrador's 14th Premier. In accordance with the **House of Assembly Act**, a general election was required to be called by August 19, 2021.

On September 7, 2020, Dwight Ball resigned as Member of the House of Assembly for the district of Humber – Gros Morne. A by-election was called immediately and was administered on October 6, 2020. The event marked Elections NL's first pandemic electoral election. Dr. Andrew Furey was elected as the new Member.

On January 15, 2021, Premier Andrew Furey visited Government House to request that Lieutenant Governor Judy Foote dissolve the 49th General Assembly and issue a proclamation directing the Chief Electoral Officer to issue writs of election to all provincial Returning Officers.

The election was to take place on Saturday, February 13, marking a 28 day writ period.

Order Of An Election

The issuance of election writs to all 40 provincial Returning Officers signals the beginning of the election period.

The Elections Act, 1991, prescribes several dates and deadlines. Specifically:

- Nomination day is held on the eighth day after the issuance of the proclamation. The deadline for the acceptance of nominations is 2:00 p.m. on nomination day. For the 2021 Provincial General Election, the deadline for nominations was 2:00 p.m. on Saturday, January 23.
- Advance Polls may be held on any of the seven days immediately preceding Election Day. The day for advance polling for the 2021 Provincial General Election was set as Saturday, February 6.
- In accordance with the Elections Act, 1991, Special Ballot applications may be accepted up to four weeks prior to the issue of the election writs. Special Ballot applications cannot be processed nor can Special Ballots be issued until the deadline for nominations has passed. For the 2021 Provincial General Election, Elections NL began accepting Special Ballot voting applications on Friday, January 15. Special Ballot applications began to be processed on Saturday, January 23 after 2:00 p.m. The original deadline to apply for a Special Ballot was Saturday, February 6 at 6:00 p.m.
- The Advance Polls were open throughout Newfoundland and Labrador on Saturday, February 6, 2021 from 8:00 a.m. until 8:00 p.m. (half an hour earlier in most of Labrador). Advance poll voting went smoothly and there was a significant increase in voting that day (approximately 58% more voters than at the Advance Polls in the 2019 General Election).
- On February 8, 9, 10 and 11, the province announced 11, 30, 53 and 100 new cases of COVID-19, respectively. On February 9, the Chief Medical Officer announced a two-week circuit breaker effective February 10, 2021 at midnight for the St. John's metro area, and on February 12, new special measures orders for the St. John's vicinity and the province, as a whole, were announced. Public and media inquiries regarding the status of the election increased dramatically. Calls for the election to be postponed or cancelled dominated public discourse.
- On February 12, the Chief Electoral Officer invoked Section 10.1 of the Elections Act to suspend in person voting and to extend the deadline for Special Ballot voting (see appendix A). The election moved exclusively to vote-by-mail and Special Ballot voting was reopened. The new application deadline was Monday, February 15 at 8:00 p.m. The deadline to return a completed Special Ballot kit was Monday, March 1.
- On February 14, the Chief Electoral Officer extended the deadline to apply for a Special Ballot to Friday, February 19 at 8 p.m. The deadline to return voting packages was announced as Friday, March 5.

-
-
- After the deadline to apply for a Special Ballot passed (8:00 p.m. on February 19), the Chief Electoral Officer announced an extension to the time to return a completed Special Ballot kit. This came in response to concerns voiced from electors in more remote areas of the province where the potential for weather-related mail delays existed. Completed Special Ballot kits had to be post-marked by March 12 in order to be counted.
 - On March 9, the Chief Electoral Officer announced the final deadline for receipt of a completed Special Ballot kit at Elections NL headquarters – 4:00 p.m. on Thursday, March 25.
 - The counting of Special Ballots began on March 6 at Elections NL headquarters. Ten teams of two people conducted the counting and scrutineers from three registered political parties were on site for the duration of the count. A video stream was made available for independent candidates who requested access to the count process for their own districts.
 - The preliminary election results were announced on March 27, 2021.
 - The Official Addition of the Votes took place on March 30, 2021. There were no changes to the results announced on March 27.

Official Results

The official addition of the votes, held three days after the election, is a legislatively required procedure that, typically, the Returning Officer for each district oversees. During the official addition, the official documents on which the election results were recorded in the polls on election night are removed from each ballot box and are re-calculated to provide the official election results.

For the 2021 General Election, the official addition of the votes was held at Elections NL headquarters in St. John's. The results of all 40 districts were officiated on March 30 with no changes to the preliminary results released on March 27.

Thirty-nine Members were sworn into office on April 12. The Member for St. John's East – Quidi Vidi, John Abbott, was later affirmed on May 18.

Public Awareness

Elections NL successfully administered its first pandemic event in September 2020 – a by-election in the district of Humber - Gros Morne. The by-election received significant public and media interest as Premier Andrew Furey was running to secure a seat in the legislature. As a result, Elections NL was able to publicize its pandemic preparedness and resulting success.

Elections NL created an advertising strategy which included the slogan, "Vote Early, Vote Your Way." The thought behind this messaging was an acknowledgment of public reluctance and safety concerns around voting during a pandemic and encouraging early voting by Special Ballot or Advance Polls. This message was used consistently in advertisements on radio, in print, in online ads and on Twitter.

COVID-19's presence in Newfoundland and Labrador rapidly worsened during the election writ period. As a result, Elections NL had to adjust its advertising plan numerous times to update key dates and deadlines.

NEW INITIATIVES

After the 2019 Provincial General Election resulted in a minority government, Elections NL consciously maintained most processes and procedures to ensure electoral readiness. Improvements were made where needed; any significant changes were in response to the COVID-19 pandemic.

Increased Staff at Elections NL Headquarters, District Office and Voting Locations

Additional staff were hired at Elections NL headquarters in several different capacities: to coordinate with the district offices, to facilitate the mailing of Special Ballot kits to applicants and to coordinate warehouse operations and local deliveries.

District office staff were given COVID-19 training modules and were able to hire additional staff for both their Returning Office locations and their polling stations. The extra staff at the Returning Office included an extra administrative role, to facilitate social distancing, provide hand sanitizer, prepare the voting booth and assist electors with completing Special Ballot applications.

Additional staff at the polling stations were called Poll Assistants. There was one Poll Assistant assigned at the entrance of each voting location who was responsible for providing hand sanitizer to all electors and

masks to anyone who needed them. They also assisted in directing electors inside and managing social distancing. Additionally, there was one Poll Assistant assigned to each polling station inside the building. These people were responsible for sanitizing the voting booth and removing used pencils after each voter.

Online Special Ballot Application

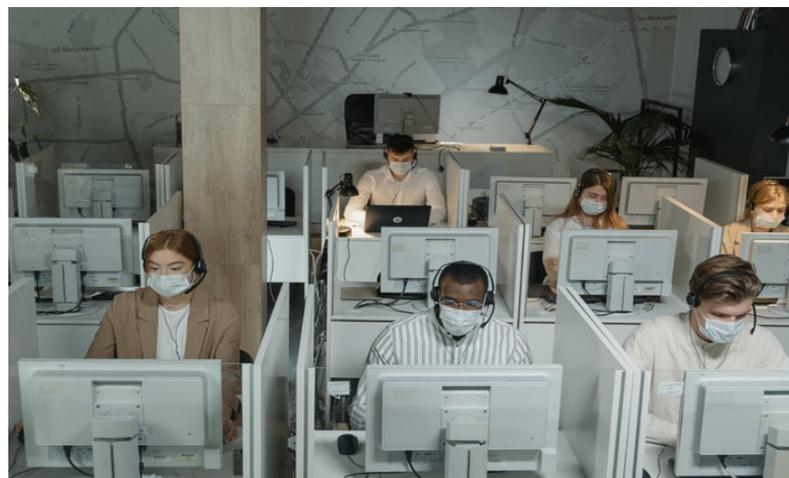

Prior to the 2021 general election, an elector could not apply to vote by Special Ballot on the Elections NL website. The process required the elector to complete a form and then submit an image of the form with the required identification as attachments in an email. To streamline this process, Elections NL worked with the Office of the Chief Information Officer (OCIO) to create a web form to allow an elector to complete the application and attach identification through the website.

New Electoral Management System

Elections NL deployed a new Electoral Management System during the 2021 General Election to meet the demands of Special Ballot voting, particularly after the suspension of in-person voting. VoterView is an election management software used by other provincial and municipal election agencies across Canada. The software provided faster Special Ballot application processing times than the existing election management software and allowed elections staff to safely process applications remotely.

During the counting of Special Ballots, the VoterView software allowed Elections NL to use scanners to electronically strike electors as having voted. In addition, the software identified duplicate ballots or if a ballot had been flagged for any follow-up prior to being counted. Prior to the implementation of VoterView, these tasks were performed manually and would have extended the time required to count Special Ballots significantly.

Between electoral events, VoterView provides enhanced data management of the voters list and automates many functions that were previously done manually by Voter Registry. VoterView allows Voter Registry staff to focus on activities that add greater value to the upkeep and administration of the Voter's List.

Engagement of an External Call Centre

After announcing the suspension of in-person voting on February 12, 2021, Elections NL engaged the services of Telelink to handle all incoming calls for ballot applications on the toll free and local lines. The Elections NL call center, which had been operating as an incoming and outgoing call center, transitioned to an outbound call center only.

Telelink provided a call answering service only. Each day Telelink provided Elections NL with a daily report of all incoming calls which were then actioned as either special ballot applications or callbacks. Election NL's internal call centre handled the callback items.

Telelink provided operators between 8:00a.m. to 8:00p.m., but the volume of incoming calls remained significant, resulting in long wait times for electors.

On February 16, 2021 Elections NL engaged Elections Canada to request the use of their call center to assist with managing the incoming call volumes. Elections Canada agreed to provide support.

Like Telelink, Elections Canada provided Elections NL with a daily report of all incoming calls and those calls were actioned by Elections NL staff.

The call centers based at Elections Canada and Telelink worked in tandem until February 19, 2021. At that point, Telelink operators were pulled from the Elections NL contract as they were needed to conduct Covid-19 contact tracing for the Department of Health and Community Services. All incoming calls were then routed to Elections NL through the Elections Canada call center. The call center with Elections Canada remained in place until March 26, 2021.

ELECTION COSTS

To date, the breakdown of direct costs attributable to the 2021 general election totals approximately \$8,037,411.89.

	\$	
Salaries	3,638,700	
Transportation/Communications	2,007,200	
Supplies	267,200	
Professional Services	0	
Purchased Services	1,232,700	
Property/Furnishings/Equipment	97,600	
Grants & Subsidies	800,000.00	estimated*
Total	8,037,400	

Salary costs represent payment to the approximately 4,500 temporary election workers and staff who were hired and trained to work at polling stations, Returning Offices, Special Ballot Offices, and at Elections NL headquarters. As part of our COVID procedures, Elections NL hired additional staff for each office and polling stations to sanitize voting areas and high touch surfaces. After the suspension of polls on February 12, 2021 additional Special Ballot Officers were hired to process and assemble Special Ballots as part of the mail-out ballot process.

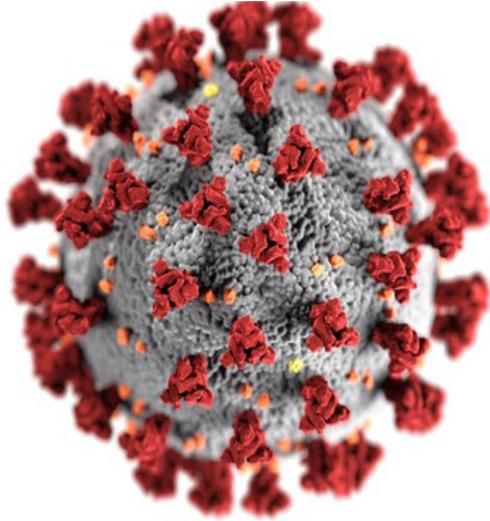

*The figure for Grants and Subsidies payments is an estimate as processing of campaign filings is ongoing and not finalized at the time this report has been prepared. The estimate provides for payment of campaign audit subsidies totaling \$70,000 and candidate campaign subsidies totaling \$730,000.

ISSUES & CHALLENGES

Voter & Election Worker Safety & Confidence

When its pandemic election planning began in early 2020, Elections NL anticipated increased voter concern and apprehension due to COVID-19. Election planning forecasted an increase in Special Ballot voting as people avoided public spaces and mass gatherings.

Elections NL advertised early voting options through its ‘Vote Early, Vote Your Way’ campaign, as referenced previously in this report. COVID-19 safety measures for in-person voting were also heavily promoted to ease public concern. The Chief Electoral Officer participated in many media interviews in an attempt to assure electors that voting safely was possible.

However, the rapid escalation of the province’s COVID-19 cases and alert level during the writ period caused sheer panic and hysteria among both the electorate and election workers. Though Elections NL maintained confidence in its ability to administer the election safely, the eventual mass resignations by election workers throughout the province became devastating and the Chief Electoral Officer decided there was no option but to suspend in-person voting and invoke Section 10.1 of the Elections Act to extend the time for mail-out ballots..

Weather-Related Impacts

Weather had an enormous impact on the efficiency of this election. Snow, wind and ice conditions caused significant interruptions to Elections NL’s operations in terms of:

- travel around the island and to Labrador to transport election materials to district offices (many district offices had to begin servicing electors without having received all of their materials)
- mail delays which impacted both the mailing out and return of Special Ballots
- telecommunication delays and the establishment of internet services, telephone and fax lines (many offices were open for a significant length of time without internet or phones)

Special Ballot Voting

Special Ballot voting, specifically the mail-in option, was a pillar of Election NL's plan for conducting an election during the COVID-19 pandemic. As observed in other provincial elections, and during the Humber - Gros Morne by-election, electors wanted an alternative to in-person voting.

While Special Ballot voting has been available for many years, it has never before been used as the primary voting method. In the 2019 General Election there were 9, 313 votes cast by Special Ballot, the majority of which were in person from personal care homes, hospitals or district Returning Offices.

Elections NL planned and resourced for up to 60,000 Special Ballot votes in the 2021 General Election. Additional staff were hired in each district Returning Office, while 16 full-time and five part-time staff were added to Elections NL headquarters to process and prepare Special Ballot kits. Prior to the suspension of in-person voting on February 12, 2021, Elections NL had issued 34,344 Special Ballot kits to electors, a 369 per cent increase over the number of Special Ballots issued in 2019.

Changes to the Elections Act, 1991, in 2017 made Special Ballot voting significantly more restrictive. An elector can only vote by Special Ballot after the deadline for nominations has past. While Special Ballot applications can be received prior to that date, ballot kits cannot be issued until after nominations close, which is 8 days after the election has been called.

If using the mail system, sufficient time is required to mail the Special Ballot kits to electors and allow those electors to return their ballots to Elections NL. All returned ballots must be properly adjudicated and counted before Election Day. This results in a voting window of only 12-14 days, which is very restrictive for electors.

Special Ballot kits sent by mail to Labrador, even with return Expresspost shipping, have a standard delivery service of 10 business days. As mentioned previously, weather often interrupts Special Ballot voting, either through office closures, or delay of delivery kits. As a result, the typical return rate of mailed out Special Ballot kits not returned is approximately 10 per cent.

Special Ballot voting was designed to enhance voter enfranchisement. However, as a result of the 2017 amendments made to the Elections Act, 1991, Special Ballot voting is now a restrictive, resource heavy, and expensive voting alternative that does not service as many electors as was originally intended.

Political Involvement with Special Ballot Process

Feedback from the 2021 General Election from electors and candidates indicated that many Special Ballot applications were completed on behalf of electors by campaign workers or candidates. Many electors allowed campaign workers to photograph drivers licenses, MCP cards, credit cards, and

other forms of identification.

When personal information is collected by Election Officials with Elections NL, the information is used only for the purposes of administering an election under the Elections Act, 1991, and is stored and discarded in accordance with rules for handling personal information. Candidates and/or political party volunteers may not have the same standard of privacy protection.

Electors should be aware of the following when providing this information to campaigns:

- Care and control of their application is left with another individual.
- Errors could be made when the application is completed.
- The application could be submitted late.
- The application could be lost. The best way to apply for a Special Ballot is by applying directly to Elections NL.

Elections NL is also aware of an instance of one candidate attempting to intercept Special Ballot kits at a Canada Post outlet in one community. Canada Post alerted Elections NL of the candidate's activities and corrective action was taken at the outlet to prevent further interference by the candidate.

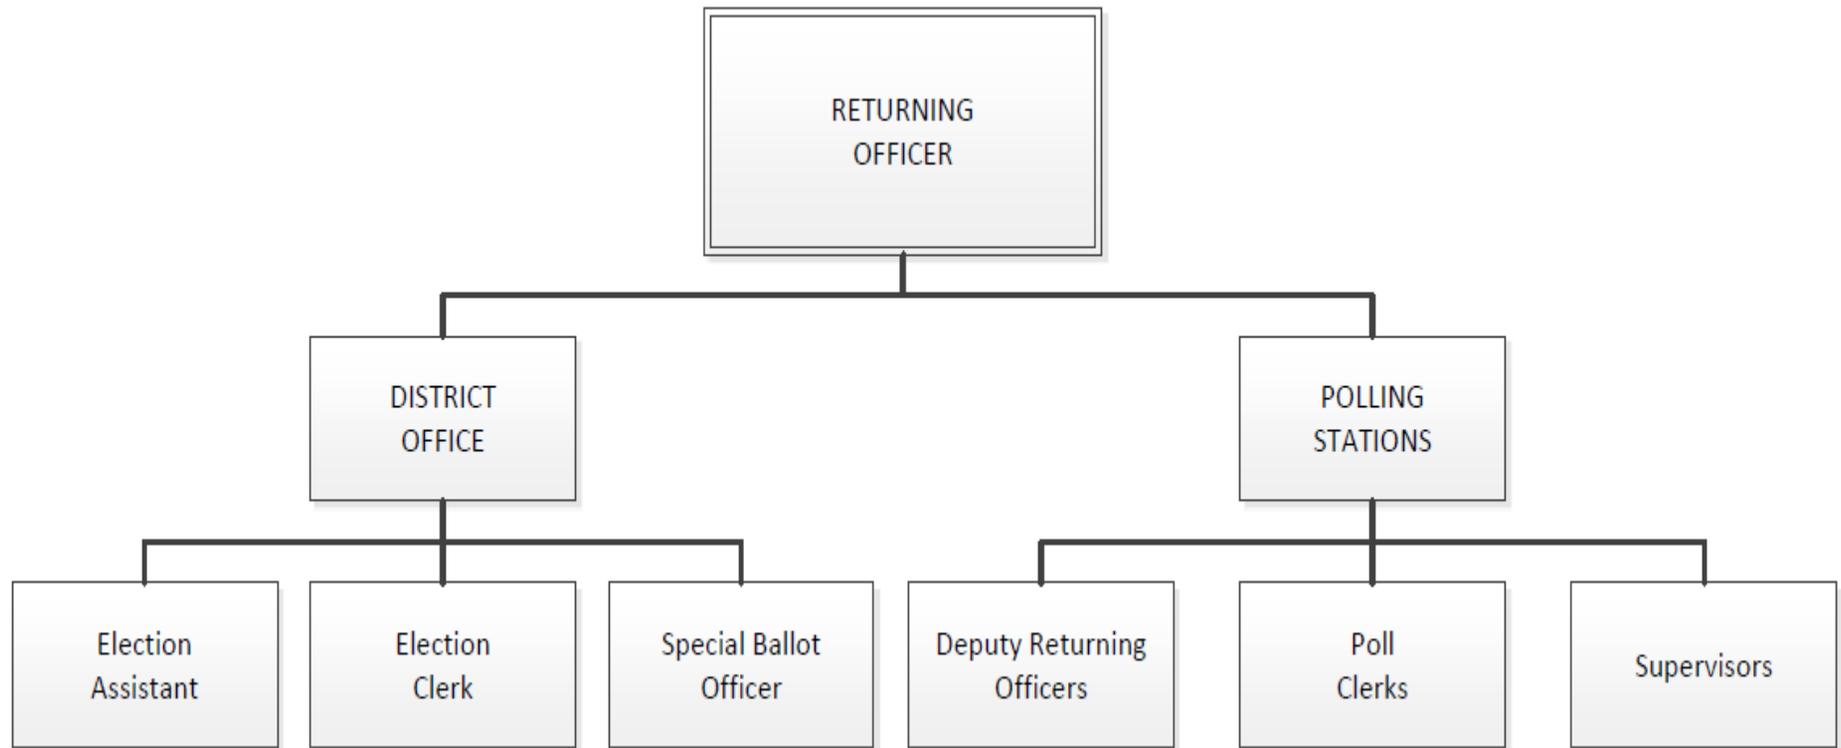

LOOKING AHEAD

While maintaining election readiness, Elections NL will continue to work on new initiatives and enhancements to the voting process.

During the 2021 election, Elections NL committed to providing materials for future elections in the province's indigenous languages and in French. Work began on this initiative immediately after the election ended.

Additionally, it is becoming increasingly difficult to recruit qualified individuals to fill the roles of Returning Officer and Election Clerk in the district Returning Offices. These election workers are currently paid a fixed stipend for the election period and Elections NL is in the process of examining remuneration models for Returning Officers and Election Clerks.

Finally, Elections NL is currently reviewing its operations with a view to adding capacity to the Special Ballot voting division.

Report of the Chief Electoral Officer on Part I Adaptions for the 51st General Election

Report of the Chief Electoral Officer on Part I Adaptations for the 51st General Election

April 21, 2021

Honourable Derek Bennett
Speaker
House of Assembly
Main Floor, East Block
Confederation Building
St. John's, NL

Dear Speaker:

In accordance with section 10(3) of the **Elections Act, 1991** please find enclosed my report detailing the adaptations made by the Chief Electoral Officer to Part I of the **Elections Act, 1991**.

Best regards,

Bruce Chaulk, MBA, CPA, CMA
Chief Electoral Officer

Introduction

This report is provided in accordance with section 10(1) of the **Elections Act, 1991** (“Act”) and provides details about which sections of Part I of the Act were adapted based on the exigencies that arose during General Election 51.

At the outset, let me advise that prior to the election, Elections NL had secured additional resources for the provision of special ballot voting, hired additional staff, and obtained personal protective equipment to conduct the general election. Elections NL was reasonably prepared to safely conduct in person polling on February 13, 2021.

Despite our efforts, Elections NL had no control over the largescale refusal of staff to work at the polls on polling day because of the highly contagious Covid-19 UK variant. Furthermore, Elections NL had no control over the owners of properties rented for polling stations refusing to allow Elections NL to conduct a poll in their facilities on polling day because of the UK variant. Finally, at the time Alert Level 5 was announced on the evening of February 12, 2021, it was unknown how long the lockdown would continue, and if following the lock down election workers would be willing to resume their duties at a traditional polling station.

Although section 87 of the Act contemplates that a poll may not be able to open on a given day due to an obstruction or delay due to weather, it was not reasonable or practical to use this section to suspend polling one day at a time for an indefinite time for every poll. Despite the obvious problem of securing election workers and polling stations, suspending polling one day at a time would not permit Elections NL to provide adequate notice to the electors of the location of their polling station. Utilizing the special ballot provisions was the safest and most expedient option for the electorate.

The options available to Elections NL to conduct the vote were limited by the legislation. Interestingly, New Brunswick, has recently passed Bill 45, “An Act Respecting Municipal Elections in 2021”. It appears that although New Brunswick had a successful General Election in 2020 they learned from our experience and have included explicit language in Bill 45 that addresses “lockdown” and the powers of suspending and resuming the election process based upon Alert Levels. This explicit authorization is not present in our Act and adaptations were necessary.

Adaptations

The authority for the Chief Electoral Officer to adapt provisions of Part I of the Act is provided by section 10(1) of the Act which states:

Where during the course of an election it appears to the Chief Electoral Officer that, by reason of a mistake, miscalculation, emergency or unusual or unforeseen circumstance, a provision of this Part does not accord with the exigencies of the situation, the Chief Electoral Officer may, by particular or general instructions, extend the time for doing an act, increase the number of election officers or polling stations or otherwise adapt a provision of this Part to the execution of its intent, to the extent that he or she considers necessary.

The first adaptation of the Act was to permit, where requested by the Candidate or the political party, for a Candidate to file their nomination papers at Elections NL headquarters instead of with the returning officer in the District as required by section 68(1)(b). Elections NL then forwarded the nomination package to the returning officer for their review.

On February 12, 2021, the decision was made to suspend in person voting and pivot to a special ballot process for the balance of the election. At the time this decision was made, it was not possible to determine how long it would be until it would be possible to have in person voting. In 2020, the move from Alert Level 5 to Alert Level 2 took 100 days. In February 2021, the province, and particularly the Avalon region, was dealing with a highly contagious UK variant and the length of the shutdown and the impact it may have on the future ability to retain election workers and facilities was impossible to predict due to the anxiety around the variant and Covid spread. The only reasonable alternative at the time was to conduct the election using the special ballot provisions. While not ideal, this method of voting ensured the protection and safety of the electorate and Election NL workers.

The decision to move to special ballots for the balance of the election was accomplished by extending the time to apply for a special ballot. This was set initially at February 15, 2021 but was changed to February 19, 2021 to give electors additional time to apply. These changes were made in accordance with section 86(4) and extending the time in section 86(4) from 6pm to 8pm on that day.

To ensure that availability of technology would not be an issue for electors, it was decided to include the ability of an elector to call Elections NL to apply for a mail out ballot. This was done in accordance with section 86(3) of the Act and was considered to be an acceptable method to apply.

Section 86.4(4) requires the Chief Electoral Officer to set the time for the return of the completed ballot. The initial date was set with reference to a post mark date of March 5, 2021. However, the Act requires a deadline for the return of the completed kit. As such, the return date was set to be March 25, 2021 at 4pm.

Section 86.5(1) of the Act indicates that only the registered political parties that have membership in the House of Assembly at the time the writ is issued are permitted to have a scrutineer present for the counting of special ballots. Given the decision to complete the election exclusively by special ballot, non-affiliated candidates and the NL Alliance were permitted to appoint a scrutineer to witness the counting process. In an effort to balance transparency and safety of staff,

Elections NL also established a virtual portal whereby a scrutineer could view the entire facility as well as review any ballots or declaration envelopes that were being rejected.

In accordance with section 134, advance polls are normally counted at the polling station after the polls close on polling day. As there was no in-person voting on polling day, the decision was made to have the ballot boxes returned to the Elections NL district returning office for safekeeping until returned to Elections NL headquarters. Instead of the advance polls being counted in the district by the deputy returning officer and poll clerk assigned to that particular poll, it was decided to have the ballots counted at Elections NL Headquarters utilizing senior staff that included returning officers, election clerks and special ballot officers. These counts were conducted over a period of 5 evenings from March 16th – 20th in the presence of Elections NL staff, scrutineers from three of the political parties, and the scrutineers for two of the non-affiliated candidates.

Section 153 requires the returning officer and election clerk for a particular district to perform the official addition of the polls. As the counts were all completed at Elections NL headquarters, the official addition was overseen by the Director of Election Operations and were completed by senior Elections NL staff in the presence of scrutineers from three of the political parties and scrutineers from two candidates.

Section 10(3) of the Act requires that the Chief Electoral Officer report to the speaker within 30 days after polling day instructions issued under section 10(1). It was not possible to produce that report within that timeline as the election was still in progress. To follow the intent of that section the date for the issuance of that report would be 30 days after March 27, 2021 which would be April 26, 2021.

The final instruction was with respect to the provision of the list of electors that is provided to the registered political parties on April 1 of each year in accordance with section 74(4)(a). As the official addition was held on March 30, 2021, it was not possible to have the list prepared for April 1. As the preparation process for the issuance of the list takes approximately 6 weeks it will be delayed until May 17, 2021.
