Oral Questions
Burials and funerals
Can Minister of Children, Seniors and Social Development provide update on his department's progress in addressing the problem of accumulating bodies at the Health Sciences Centre, 4782
How can we trust government to fix the problem causing accumulation of bodies if we can't trust them to deliver on promise to deal with the dumpster issue, 4782
If Minister was aware of the issue, why has government failed to act, 3645
What additional funding can families expect to help their loved ones, and will it be indexed to the cost of living, 3863
What allocation increase has been made in Budget 2024 to support next of kin and family members unable to afford funeral services for their loved ones and avoid overcrowding morgues, 3863
When do operational issues become Minister's issues, 3731
Why does the problem appear to be getting worse, and why is department failing to address the problem with funeral homes, 4783
Why is government nickel and diming families when they are at their most vulnerable, instead of making changes to help them, 3607
Will Minister commit to tying financial assistance to inflation, simplifying the application process and reviewing protocols, 3646
Will Minister commit to working with families and funeral homes to pay for and carry out funeral arrangements quickly, 3667
Children, Seniors and Social Development
Income support
How much more indignity and trauma must Rhonda suffer before either the Dept. of Housing or Dept. of Children, Seniors and Social Development and city officials work together to secure accessible housing for Rhonda, 5758–5759
What does Minister have to say to single parents on income support going hungry so that their children can eat, 99

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)

What is government doing for middle-class parents who are struggling but not able to avail of supports because of extremely low income, cut-off thresholds, 5637
What supports will be put in place so that Rhonda can be reunited with her granddaughter and be able to care for her and herself, 5759
Cost of living
How will government ensure that vulnerable women fleeing domestic abuse receive their cheques rather than their abusers, 44
What does Minister have to say to single parents on income support going hungry so that their children can eat, 99
What is Premier's response to person asking why government is giving cheques to higher-income individuals instead of putting money towards our public system, 99
Which part of the population growth strategy outlines youth and student poverty as a goal, 740
Digital Government and Service NL
Cyberattack
How much money would have been saved if government had corrected the deficiencies, 1195
Why does government consistently ignore warnings from experts and refuse to act until it reaches a crisis, 2489
Will Minister tell House what measures have been taken to address the deficiencies that were identified in the 2020 Canada-Israel Technology Solutions Report, 1194
Elevators
Have accessibility standards and regulations been written and if not, why not, 5996
What action will government take to compel Northview to get the elevator at Keane Place back in operation and allow tenants to get out of their apartments, 5846, 5847
Why is government unwilling to help the seniors of Keane Place apartments, 5848
Education
Assessments
Are counselors using vision screening charts yet another example of failing to resource our schools or our health system and downloading yet another, 4056
Was Minister aware of letter requesting deferral of consultation requests and what immediate steps will she take to address the backlog of children awaiting assessments, 3917
What human resources will Minister of Health put in place to ensure that the pediatric unit can clear up the backlog in a timely manner and get our children the help they need, 3917
Class sizes
Will Premier concede the importance of addressing class size and composition and the human resources deficit in our schools, 3918
Deaf and hard of hearing
Can Minister say if all of the gaps identified in the report have been addressed or if any remain outstanding, 1464–1465
Why haven't gaps been addressed and what does Minister plan to do to rectify them, 1465
Will government commit to hiring deaf and hard of hearing specialists to work with preschool children so that they and the school-aged children get the attention they deserve, 2011
Will Minister commit to maintaining an adequately resourced deaf and hard of hearing unit at East Point Elementary, and expand the model to other areas of the province, 1465
English as an Additional Language
Is the lack of a plan to resource English as an additional language the lackadaisical approach to planning that our school communities can expect from the Minister, 5276
Why isn't Minister listening to the needs of teachers, 5274
Will Minister admit that the only reason her department acted was out of damage control and to avoid embarrassment in the House of Assembly, 5275
Integration
Considering the potential ramifications of amalgamation if not done correctly, is government putting the cart before the horse, 2345

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)
(Continued)
Shouldn't amalgamation plan be released to school communities, organizations such as the Newfoundland and Labrador Teachers' Association, parents, communities, and the House of Assembly for discussion, 2345–2346
Will Minister identify the educational outcomes that would benefit from amalgamation and how amalgamation would improve them, 2347
Memorial University
Did Premier mean that buildings would leak, food bank shelves go empty, and students face homelessness, when he said that Memorial University had to figure out what it wanted to be when it grew up, 741
Does Premier think it appropriate that students are required to bring their own paper for exams, 5230
Does Premier understand that the instability at Memorial University is a chaotic situation of his government's own making and directly caused by its decision to cut funding, 1692–1693
How does Premier justify balancing his government's provincial budget on the backs of our students, 1693
Will government support and invest in post-secondary students, freeze tuition and expand the needs-based grants, 740
Will Premier restore funding to Memorial University so that it can begin to address the $481-million deficit in deferred maintenance created by this government's cuts, 5229–5230
Persons with disabilities
When can A.P. Low Primary School expect to have chairlift repaired or replaced so that students, staff and parents with mobility issues are not excluded, 2011
Planning
What steps will government take to ensure that the department and the school district listen to the experience and expertise of teachers and not simply rely on the reports of district and department management personnel in making decisions, 1968–1969
School safety
Is Minister waiting for a landmark arbitration decision in this province before she takes seriously the issue of classroom violence, 5539
Other than setting up committees, think tanks and an Education Accord, why does Minister refuse to address school violence in a meaningful way, 5538
Schools
Is disruption late in the school year what families and school communities can expect as a result of integration, 4058
Is Minister expecting Member to believe that department only recently became aware of the influx of newcomers to Prince of Wales Collegiate, Larkhall, St. Andrew's and Leary's Brook, 4057
Why does Minister refuse to table the information about the new school for Portugal Cove-St. Phillips, 2294
Why was reconfiguration of Prince of Wales Collegiate, Larkhall, St. Andrew's and Leary's Brook school system announced just two years before the end of the school year, 4057
Will Minister outline his plans to mitigate any negative effects as a result of this decision, and will he maintain similar complements of staff or will he simply close Prince of Wales Collegiate and move students and staff to other schools, 2295
Will Minister table the data and documentation that led to the decision to announce the construction of a new high school in Portugal Cove-St. Phillips, 2294
Will Minister table the reports, data or magic eight ball he is using to make infrastructure decisions, 2444
Sustainable education
Can Premier clarify what exactly he means by sustainable education opportunities for children, 1837
Will government do more than just take the issue under advisement and take concrete steps to address fractional units, unfulfilled teaching positions, the shortage of substitutes and the lack of classroom resources, 1873–1874
Teachers
How could department allow shortage of teachers to grow to such a crisis in five short years, 4999

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)
(Continued)
What steps is government taking to improve teacher recruitment and retention before there is a crisis, 249–250
When will government finally realize that educational professionals with front-line experience have the solutions to issues like classroom size, resourcing in the classroom and the support of educators, 4940
Will government ensure that all fractional teaching units are converted to full-time positions in order to recruit and retain teachers and maximize the learning environment for our students, 1807
Will Minister admit that the shortages are a direct result of government failing to listen to educational professionals and address the factors driving teachers from the profession, 4999–5000
Will Minister admit there is a problem and address the teaching staffing shortages in Labrador West, 1741
Finance
Harmonized Sales Tax
Will government remove the provincial portion of the harmonized sales tax from a selection of children's goods so that middle-class families can have some relief, 5637
Public Assets, Sale of
Which front-line public sector workers should be worried about having their jobs axed, 195
Future Fund
Will Premier call the fund what it really is, a slush fund for Liberals' pet projects, 250
Health care

Assertive Community Treatment Team
Why has there been no value-for-money assessment of the health authority's program, 4845
Collaborative care clinics
Can Premier assure residents that they can move with their family doctors to teams, 1343
Crisis, Health Care System
Can Premier instill confidence in the health care system that his public relations stunts aren't just adding more stress to the public health care system, 846
What is the accelerated approach for our human resource plan for health care or should we expect self-checkout terminals with WebMD prompts for triage, 589
Why does government continue to leave our health care system in perpetual crisis by failing to take the retention of workers seriously, 1404
Dental care
Can Minister explain why cases like Golda's are being denied, 1604
Does Minister of Health have any suggestions for Golda, a 72-year-old woman living with excruciating dental pain, 1603
Why do we live in a province where a person can be in agonizing pain for months and it takes intervention from a Minister to get some relief, 1604
Will government agree to immediately increase the budget allowance for its adult dental program and extend it to cover low-income seniors until federal coverage kicks in, 1603
Will government take immediate action to improve access to dental care and remove barriers now, 1405
Doctors
How does Minister plan to support the existing family practices in Newfoundland and Labrador in providing essential health services to the people of our province, 1244
How many doctors have signed a contract and will be practicing in the next year, 1044
What financial assistance and support will government put in place to help current family doctors maintain their practices and remain open, 1245–1246
Whose facts about the number of people who do not have a family doctor should we believe, 1044

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)

Fonomed
Is Fonomed directing people to call Patient Connect NL if they do not have a family doctor, and if not, will Minister be directing them to do so, 1244
Health Care Action
Is website meant to connect people to health care, or is it simply blatant self-promotion and self-praise of government, 1561
Hospitals
Does Premier have so little respect for people's intelligence that he believes they will swallow the rationale to justify the H3 development land deal, 5416
How did Premier determine that land on Kenmount Road was the best location for the new St. Clare's, 5309
How did Premier get an appraisal done for the site before agreeing to it, 5309
Is the choice of land for the new hospital about what's best for the province or what's best for the Premier's friends and donors, 5309–5310
St. Clare's—How did Premier identify a new St. Clare's hospital as a priority, 654
St. Clare's—How does the announcement of a new St. Clare's hospital help countless people off the Avalon who need less expensive resources near their communities, 846
St. Clare's—What's the plan to staff the replacement to St. Clare's hospital, 587
What is the cost to build the new hospital, from which government friends stand to profit, 587–588
Why is government not interested in improving the social determinants of health for people confined to hospitals, 901–902
Will Premier admit that yesterday's announcement regarding the new hospital was simply an attempt to distract from the fishing trip at his friend's lodge and the potential conflict of interest, 655
Nurses
How does Premier expect to keep overworked nurses in Newfoundland and Labrador when we're only promising $3,000, 1342
How many of registered nurses boasted on website are employed full-time by the Provincial Health Authority, how many are private travel nurses , and how many are refusing to work in our public health care system, 1561
How many of registered nurses boasted on website are employed full-time by the Provincial Health Authority; how many are private travel nurses; and how many are refusing to work in our public health care system, 1561
Is blaming others government's new strategy to deflect from failure to address problems before they become crises, 4372
When can we expect to see a plan tabled in the House to reach a target of 60 travel nurses in two years, 4573
When will government start treating workers with respect and make Newfoundland and Labrador an employer of choice in health care again, 4939
Will government direct NL Health Services to create a detailed plan outlining how they will retain nurses and reduce the reliance on travel nurses to 60 without further burdening the health care workers, 4572
Will Minister table a plan for an orderly phase-out of private agency nurses and a reinvestment of funds back into the public health care system, 3454
Patient Connect NL
Can Premier advise what action his government plans to take to promote Patient Connect to ensure that its data is reliable, that people of the province have confidence in government's decision and that those without a doctor know exactly who to call, 1103
Given the potential unreliability of Patient Connect's data, how can people of the province be sure that government's health care decisions are sound, 1102
Pharmacare
When will Premier write to his federal cousins to sign up for this important agreement, 5144
Privatization
Is it Premier's intention to privatize our public provincial health care system, 655

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)

Social determinants of health
When will government focus on what needs to be done and prioritize treating the causes of poor health instead of the symptoms, 1405
Teladoc Health
Can Minister confirm that tracking pixels were never placed on Teladoc Health websites in Canada, and will government commit to introducing data sovereignty legislation and the personal health information of Newfoundlanders and Labradorians from ever being sold in the first place, 3668
Housing
Are failed provision of wraparound services and relying on volunteers aligned with Minister's vision of supportive services, 4888
Are government evictions from tents on ground of Colonial Building and a drone surveiling protesters what Premier meant by courageous decisions and actions, 5104
Are people feeling isolated and forgotten what Minister of Housing means by a human rights-based approach to housing, 4845
Can Minister tell the people of Tessier Park, Livingstone Street where the community centre will go, or is he waiting until H3 Development puts a piece of land up for sale, 5698
Can Premier explain why he ignored the request to meet and what government is doing to provide safe housing, not shelters, for those living in tents, 2575
Could government not have found an extra $10.5 million to carry out repairs on vacant NLHC housing units across the province, 43
Did government sell housing land to a private developer, 5697
Does Minister believe the private market is the answer when it comes to seniors' housing, 5376
Does new Minister of Housing recognize housing as a fundamental human right, 3518
Given the lack of affordable housing, how are senior women who have received eviction notices expected to find a safe place in which to live, 367
Has the Newfoundland and Labrador Housing Commission hired the additional staff required to complete repairs before winter, 196
Homelessness
Are actions like the removal of tents about wellness checks and public safety, or are they police intimidation tactics designed to instill fear in the tenters and force them to move, 2687
What does Minister say for failing to live up to his commitment to have people out of tents by Christmas Eve, 3646
Where are people to go, if government's response is "not in my backyard," 2574
Why does government criminalize homelessness, 5104
Will government staff the Emergency Shelter Line appropriately or has the Royal Newfoundland Constabulary become the default housing strategy for the province, 368
Will Minister admit that he was blaming and shaming the victims of homelessness, 3667
Will Minister introduce legislation in this session declaring housing as a fundamental human right, 3647
How can government place people in bedsits and shelters without providing adequate supports and safety measures, and what are the standards for these shelters, 5065
How does Minister plan to collect the $500 fines for breach of regulations, and will it be reviving Victorian-era solutions such as debtor prisons, 4574
Is fundraising through social media how vulnerable individuals must make up for inadequate housing options, 3731
Is hotel about providing a place for people to live and to temporarily call home, or is it about institutionalizing them, 4887–4888
Is Minister saying he believes that the people living in tents during some of the harshest weather are simply protesting, 4208
Were Premier's statements concerning 750 new units lies as well, 2725
Were there or were there not standards in place for shelters and housing owned and operated by the Newfoundland Housing Corporation, 4252
What actual supports are put in place to support those with complex needs who may be difficult to house, 4845–4846

DRAFT

DINN, JAMES (NDP) (ST. JOHN'S CENTRE)
(Continued)
What does Minister think housing as a human right means in practical terms for people forced to live in tent encampments, bouncing around in shelters, people on moderate incomes, seniors and others, 3519
What is stopping Minister from constructing affordable housing for people on low, moderate, or fixed incomes on the former Grace Hospital site, 4739–4740
What measures will government take to ensure seniors facing eviction are not rendered homeless, 368
What measures will government take to prevent incidents like the tent fire at the Colonial Building from happening in the future, 4115
To what neighbourhood, underpass, bridge, abandoned building or open space does Minister plan to relocate the tenters, 4371–4372
What was government thinking when it sold land at bargain basement prices, 5697
When can those forced to live in tents across from the Premier's office and those forced to live in emergency shelters expect to have permanent housing, 2531–2532
When will government introduce rent and vacancy controls on large, financialized landlord and stop predation on tenants, 5997
Where is the magic well of health care professionals that Minister plans to staff the Comfort Inn, 4251–4252
Why did government continue to rely on costly for-profit emergency shelters instead of building more community-based, non-market housing, 4739
Why has it taken until the opening of the House and two weeks after the appearance of the Tent City to announce a plan, 2531
Will department install electrical outlets so that people in tents will not have to rely on propane for heating, 4116
Will government commit to having all NLHC units in need of repair and currently vacant ready for people to move into before the end of the year, 312
Will Minister admit that government's failure to take a human rights-based approach to housing has forced people to live in tents or shelters and failed those unable to find an affordable place in which to live, 4372
Will Minister admit that his key goal is to clear out Tent City before the start of the tourism season, 4209
Will Minister commit to giving the Newfoundland and Labrador Housing Corporation the money it needs to hire the workers to complete the renovations and repairs of units before the end of 2024, 5760
Will Minister of Housing enshrine housing as a human right in provincial legislation, 3519
Will Minister of Housing inform the House about plans for the former Grace General nurses' residence to be used for affordable housing, 3455
Will Minister of Transportation and Infrastructure admit that his decision to remove the encampment was more to do with protecting property than people, 4573
Will Minister table the report from quarterly inspections for each shelter and the criteria used by staff to inspect them, 4739
Will Premier admit that the main reason he made a housing announcement today was that the homeless people of the province have embarrassed him, 2530–2531
Will Premier admit that today's housing announcement is about salvaging his tattered political reputation rather than about helping those who find themselves homeless or in danger of being homeless, 2532
Will Premier admit that what his Minister said was a lie, and that he has misled the House about the actual numbers of houses built, 2724
Will Premier commit to immediately unlocking the necessary provincial funds and insist that his federal counterpart do the same so new constructions can get started as soon as possible, 312
Would government be able to provide the tenters with a reasonable time frame as to when they can expect to be a in a real home that is safe, affordable and allows them privacy, 2575
Would Minister provide protocols, policies and actions that his department uses to ensure the safety of residents in emergency shelters, 4573
Immigration, Population Growth and Skills
Ukraine
Does government have the political will to address housing and income levels with solid short and long-term plans, 2490

Why did government not plan ahead and build public housing to help alleviate housing crisis for all residents, knowing that we had a growing shortage, 2153
Will Minister concede an admission of failure to address the public housing crisis that was growing long before our newcomers arrived, 2154
Would Minister clarify what he meant by a fair rate, with regard to identifying employers who are prepared to hire on a full-time basis, 2154
Industry, Energy and Technology
Wind energy
Why haven't details concerning the project been released, and how can we be sure that government is ethical and transparent with the green hydrogen project, 520
Justice and Public Safety
Corrections
Is government's priority in replacing His Majesty's Penitentiary the workers and people of the province, or their investor friends, 4940
Sexual assault survivors
What concrete action is Minister taking to ensure that he never again revictimizes survivors of sexual assault, 3862
Labour
Anti-replacement worker legislation
When will government introduce anti-scab legislation, 5468
Labour Relations Board
When will government listen to the unions and ensure that the problems of the board are fixed, 5469
Why does government pretend to care about workers, given delays in pay equity, the refusal to implement anti-scab legislation, or review the Labour Relations Board, 5468
Sick notes
Will Premier commit to bringing in legislation to end sick note requirements for short-term absences from work, 5144
When will government introduce card check or single-step certification, 5469
Lobbyist Registration Act
Will Premier commit to a fulsome review of the act with a view to increasing accountability and transparency, 520
Office of the Premier
Are the travelling nurses' accommodations and the St. Clare's land deal a reflection on the Premier's ineffective leadership and the crumbling ethical walls of his party, 5416
Persons with disabilities
