Pensions List

[*Evening Telegram*, April 4, 1932, p. 3]

From information submitted to the House of Assembly when the Estimates were under consideration, the following list of pensions awarded since June 30th, 1931, were tabled. The total recorded in this list is \$48,438.15. The proposed pension list for the Department of Posts and Telegraphs is withheld, but from information at hand several high-salaried officials are slated for retirement, and this amount together with further reorganization in other departments will mean that 1931-32 list will be approximately \$60,000 and thereby create a new record.

<u>Name</u>	<u>Yearly Pension</u>
